To provide a quality education to all students:

- *Understanding their local community and environment;*
- *Nurturing their innate curiosity;*

So they can participate in our democratic society and global community. We do this in a collegial and innovative environment.

The meeting was called to order at 7:30 a.m.

- *Comments from community members on items not on the agenda.* None.

- *Federal Funding Opportunities* The board discussed Energy Efficiency and Conservation Block grants. A joint application from several schools was deemed to be more fundable than individual proposals. Draft until approved.

Respectfully submitted,
